

YOU ARE INVITED

October 19 at 6pm - 7:30pm

OPEN HOUSE, EQUIPMENT DEMO, and SHORT COURSE

*OKTOBERFEST
BEVERAGES AND FARE
WILL BE PROVIDED*

Short Course (30min) on Perimeter Air Monitoring, in conjunction with the LSRPA Aspiring Professionals

We will discuss how to plan and execute a well-thought-out Perimeter Air Monitoring (PAM) that employs protocols that can help reduce the overall risk to stakeholders during remediation, demolition, or other intrusive activities that need to be done in a manner that is protective to human health and the environment.

RSVP to: Bill McClellan at william.mcclellan@airlogicsllc.com

LOCATION:

150 Cooper Road
West Berlin, NJ

*We will be
outside under
a tent, so dress
accordingly*
